

Certificate of Utility Model Patent

Name of Utility Model: Undisturbed Soil Collection Device and Soil Erosion
Test Equipment

Inventor: Wang Hui; Zhu Xingyu; Zhang Fengbo; Lu Shengyan;
Zhu Huadan; You Enze

Patent No. ZL 2017 2 0604183.7

Patent Application Date: May 26, 2017

Patent Holder: Wang Hui

Authorized Publication Date January 19, 2018

After preliminary examination of this utility model in accordance with the Patent Law of the People's Republic of China, we have decided to grant a patent and make registration in the patent rolls. The patent rights shall commence from the date of notice of authorization.

The duration of protection for this patent is ten years from the date of patent application. The patent holder shall pay the annual fees in compliance with the stipulated implementing regulations of the patent laws. The patent annuity shall be submitted before May 26 every year. Failure to do so will result in the termination of the patent rights after the expiry of the payment period.

The circumstances of law on the certificate of patent at the time of registration, the transfer, mortgage, invalidation, cessation, resumption and the changes of the patent holder's name, nationality and address, etc. shall be recorded in the patent rolls.
